

Versatile Solutions, Tailored for Every Space.

Flexibility

Convenient and flexible

Each side extend height is designed with individual rear fixing bracket. Making it a simple decision on which solution to use, tailoring for every space.

Slim Profile

Clean and sleek line

Slim and straight line profile drawer system optimizes storage space with precision, leaving no edges wasted.

Refined & Elegant

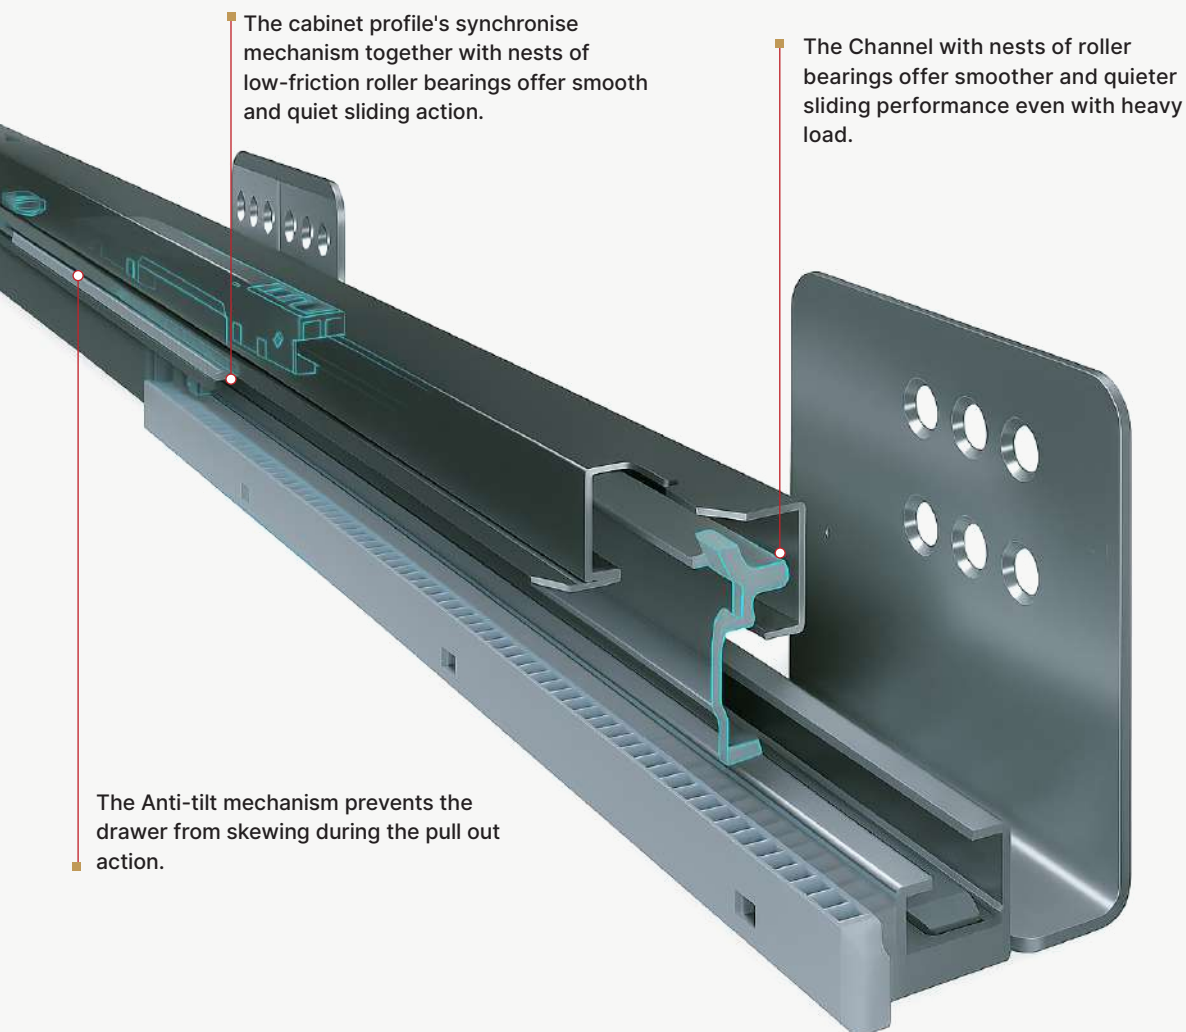

Distinctive drawer design

Infusing character and elegance, the horizontal lines add a touch of sophistication to any space.

Proven Technology.

The drawer runner system is the foundation for reliable and customisable furniture designs. The roller bearing drawer runner system available in 35 kg and 60kg load ratings.

Smother & Quieter Than Ever

The integrated soft-close mechanism ensures a perfect and non-abrupt close each time with its adaptive cushioning mechanism to drawer load.

3 Dimensional Adjustment, Flexible and Easily Accessible

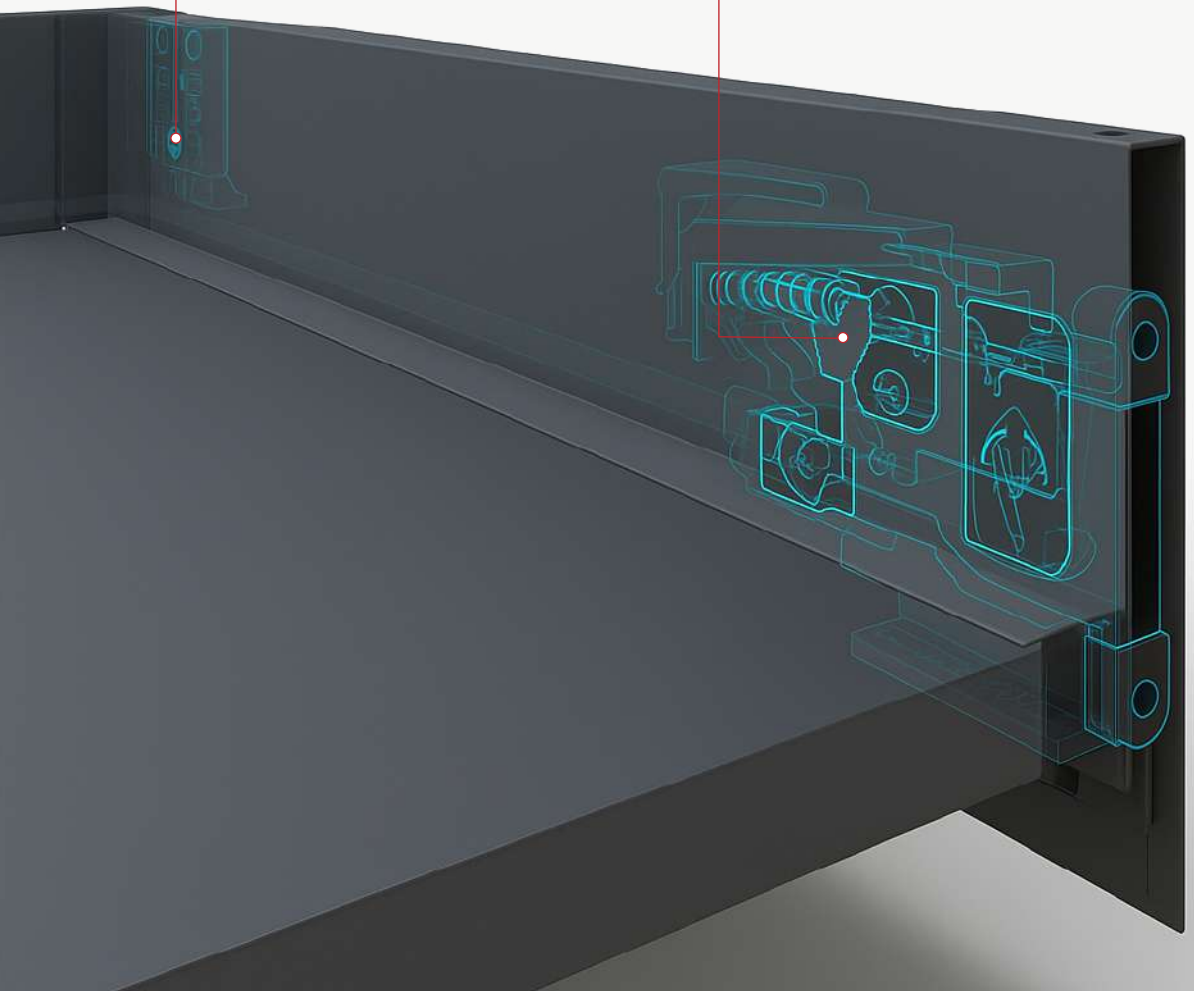

Hana Cube offers effortless adjustment options on three dimensions- height, side and tilt - making it simple to customise and access with ease.

Tilt Adjustment

Easily fine-tune the front panel angle with just a few straightforward steps.

Height & Side Adjustment

Hana Cube can be installed efficiently with adjustment options for height and side. Experience seamless versatility and user-friendly functionality for perfect alignment in any space.
